

BCP7 Series NEMA 1 Enclosures

Description

The BCP7 Series control panel is designed for easy wall mounting and protecting of pneumatic or electrical control devices.

Each BCP7 Series control panel comes complete with Lock & Key set, fully perforated Sub-Panel, knockouts on all 4 sides and mounting holes.

The BCP7 Series is available in UL-Listed versions and a variety of color options. The Fully Perforated Sub-Panel allows for easy mounting of componenets without having to pre-drill.

Features

- Low-Cost Quality NEMA 1 Enclosure
- 16 and 14 Gauge Steel Construction
- Complete with mounting holes: No Drilling required
- Standard mounting with door hinged on left or right side.
- 14 Gauge Sub-Panels Fully Perforated to simplify component mounting
- Door Lock & Key are standard
- Color Options: Gray(G), Tan(T), Powder Blue(B), Dark Blue (DB), Orange (O)
- All Sizes available in UL-Listed Version
